

<p>Addressing the question</p> <p>The material used is relevant to this general topic but the student doesn't make clear how it is relevant to this specific question/title.</p>	<p>Using evidence</p> <p>The student provides some potential evidence, but the link with their claims/assertions/ideas could be clearer/developed more.</p>
<p>Developing argument</p> <p>This essay contains some expression of a position, which could have been more explicitly developed and justified.</p>	<p>Critical evaluation</p> <p>Evaluative points could be more extensive/explicit/systematic/reasoned/justified.</p>
<p>Structuring</p> <p>The introduction could do more to let the reader know how the essay will deal with the issues.</p> <p>The conclusion could do more to give the essay an ending which brings together the various points.</p>	<p>Use of language</p> <p>In some passages the writing makes the meaning unclear or difficult to follow.</p>
